

Hand Rail Safety Netting

Hand rail safety netting creates a barrier between the edge of the mezzanine and the ground below, subsequently preventing any stock falling between the railings and potentially injuring employees.

The netting is made from high-tenacity polypropylene which is lightweight, incredibly strong and almost impossible to damage during normal operation.

We offer a hassle-free yet comprehensive installation service carried out by trained professionals. All the nets arrive on site pre-cut to size to further speed up the installation.

The nets can be affixed to new installations or retro-fitted to existing railings.

- ❖ Creates a safer working environment for your staff

- ❖ High-tenacity polypropylene stitched chord

- ❖ Made-to-measure

- ❖ Removable and cleanable

- ❖ Available in a variety of colours

ASG Services - a trading division of Westbrook Industrial Limited

“ Our vision is to be the supplier of choice for warehouse and industrial identification, safety systems and associated products, by offering clients a quality-driven, total solution via multi-channel procurement methods. ”

Tony Gresty | Managing Director – ASG Services

Labelling and Safety Solutions

About us

At ASG Services we have gained an excellent reputation for providing the most appropriate labelling and safety products to meet the specific requirements of our customers.

By providing a range of products in each of our specialist fields we are able to provide the optimum solution for every client from one source.

From our beginning over fifteen years ago we have been constantly developing our products and services.

We have a considerable depth of knowledge in all labelling and industrial floor marking and painting systems specific to the warehousing and distribution industries.

Our success in developing line marking to provide personnel segregation systems, is complemented by our other safety solutions which include internal security mesh, safety signage, plus barrier and column protection.

Our unique product and service offering is very attractive to companies looking to satisfy all their needs from a single source.
