

Machine Guarding

- MDF

Our machine guarding and safety systems are tailored exactly for you. All safety equipment is designed and manufactured to Machinery Directive 2006/42/CE.

A perimeter protection system with shaped mesh panels without through screws or threaded inserts, and uprights 40mm x 40mm which can be easily assembled by one operator.

So as to meet all assembly needs, the new generation MDF protection system uses two connection methods to join the panels to the uprights, ensuring fast and cost-effective assembly.

MDF-C: QUICK CAPTIVE SCREW ASSEMBLY - assembly is achieved by a patented harmonic spring system that is positioned on the bolt.

MDF-L: A MOUNTING BRACKET fitted with hooks to allow quick and easy assembly by a single operator.

All Satech products have been designed in accordance with the European Directive on the Safety of Machines (2006/42/CE).

40% TIME SAVED

ASG Services - a trading division of Westbrook Industrial Limited

“ Our vision is to be the supplier of choice for warehouse and industrial identification, safety systems and associated products, by offering clients a quality-driven, total solution via multi-channel procurement methods. ”

Tony Gresty | Managing Director – ASG Services

Labelling and Safety Solutions

About us

At ASG Services we have gained an excellent reputation for providing the most appropriate labelling and safety products to meet the specific requirements of our customers.

By providing a range of products in each of our specialist fields we are able to provide the optimum solution for every client from one source.

From our beginning over fifteen years ago we have been constantly developing our products and services.

We have a considerable depth of knowledge in all labelling and industrial floor marking and painting systems specific to the warehousing and distribution industries.

Our success in developing line marking to provide personnel segregation systems, is complemented by our other safety solutions which include internal security mesh, safety signage, plus barrier and column protection.

Our unique product and service offering is very attractive to companies looking to satisfy all their needs from a single source.
