

# MezzNets™ Handrail Safety Netting

NOW AVAILABLE IN 10 METRE EASY-FIT PACKAGE

MezzNets™ Handrail Safety Netting creates a barrier between the edge of the mezzanine and the ground below, subsequently preventing any stock falling between the railings and potentially injuring employees.

MezzNets™ made from high-tenacity polypropylene which is lightweight, incredibly strong and almost impossible to damage during normal operation. MezzNets™ require no special tools to fit and can be affixed to new installations or retro-fitted to existing railings.

- ✦ Creates a safer working environment for your staff and helps protect stock
- ✦ 2.3mm high-tenacity and durable polypropylene stitched cord – other grades of net available on request, at additional cost
- ✦ Removable and cleanable
- ✦ Choice of either blue or black netting

# Labelling and Safety Solutions

## About us

At ASG Services we have gained an excellent reputation for providing the most appropriate labelling and safety products to meet the specific requirements of our customers.

By providing a range of products in each of our specialist fields we are able to provide the optimum solution for every client from one source.

From our beginning over 23 years ago we have been constantly developing our products and services.

We have a considerable depth of knowledge in all labelling and industrial floor marking and painting systems specific to the warehousing and distribution industries.

Our success in developing line marking to provide personnel segregation systems is complemented by our other safety solutions which include internal security mesh, safety signage, plus barrier and column protection.

Our unique product and service offering is very attractive to companies looking to satisfy all their needs from a single source.
