

# Machine Guarding

## - STRONG/HEAVY

**Our machine guarding and safety systems are tailored exactly for you. All safety equipment is designed and manufactured to Machinery Directive 2006/42/CE.**

A protection and safety system designed for accident prevention, consisting of uprights 60mm x 60mm, and panels with frames 20mm x 20mm or 30mm x 30mm, connected by fast-assembly clips patented by SATECH.

It's used in heavy conditions such as in industrial robotics or in steel industry applications.

SATECH has developed a connecting system between panel and upright that achieves remarkable time savings during assembly and height adjustment. It also allows easy reinstallation of the guard after it has been removed for non-routine maintenance (EN 953+A1 6.4.3.1 b).

All SATECH products have been designed in accordance with the European Directive on the Safety of Machines (2006/42/CE).

## 25% TIME SAVED

Compared to traditional systems

■ RAL 9005

■ RAL 1021

■ RAL 7035

# Labelling and Integrated Safety Solutions

## About us

At ASG Services we offer an integrated solution to meet the specific labelling and safety product requirements of our customers.

We have earned an excellent reputation by providing a range of products in each of our specialist fields. This means we can provide the best solution for every client, with everything available from one source.

The benefits of using one company means greater traceability, more efficient use of resource, and of course, savings on time and money.

So, whether you need labelling, rack protection or machine guarding, internal line marking or safety signage, aisle markers or steel partitioning systems, hanging signs and safety netting, we have the right solution for you.

With more than 25 years' experience we have an unrivalled knowledge of all labelling, industrial floor marking and painting systems specific to the warehousing, distribution and manufacturing industries.

We also offer full back-up, with on-site project management to help ensure a fully integrated service.

There is no other company in the UK that can efficiently deliver fully integrated labelling & safety solutions like ASG Services.
