

UV Instant Cure Line Marking

Problem

Leading fresh fruit distribution company AG Thames needed to replace old safety line markings whilst keeping their 24/7 chiller storage fully operational:

- High quality fresh fruit that must not be contaminated with solvents, dust or odours
- Cold Storage temperatures that must not be altered
- 24/7 operation
- Poor visual appearance and safety concerns with existing lines

Solution

By using RapidShield instant cure coatings the following solution was proposed:

- Instantly dry and workable areas, using walk-behind UV light equipment – minimizing downtime
- Zero VOCs, no solvents and low odour made it ideal for the food environment
- NSF-certified food safe – eradicated contamination
- Chemical- and stain-resistant lines enabled the new lines to be maintained and kept clean
- Can be applied in low temperatures
- Dust-free industrial preparation

Outcome

- Lines were applied in normal working hours with no disruption to the operation
- Each area completed and handed over at the end of each shift
- Clean and clear walkways and fork lift access lines provided
- Fruit was kept fresh & uncontaminated

“ Our vision is to be the supplier of choice for warehouse and industrial identification, safety systems and associated products, by offering clients a quality-driven, total solution via multi-channel procurement methods. ”

Tony Gresty | Managing Director – ASG Services

Labelling and Integrated Safety Solutions

About us

At ASG Services we offer an integrated solution to meet the specific labelling and safety product requirements of our customers.

We have earned an excellent reputation by providing a range of products in each of our specialist fields. This means we can provide the best solution for every client, with everything available from one source.

The benefits of using one company means greater traceability, more efficient use of resource, and of course, savings on time and money.

So, whether you need labelling, rack protection or machine guarding, internal line marking or safety signage, aisle markers or steel partitioning systems, hanging signs and safety netting, we have the right solution for you.

With more than 25 years' experience we have an unrivalled knowledge of all labelling, industrial floor marking and painting systems specific to the warehousing, distribution and manufacturing industries.

We also offer full back-up, with on-site project management to help ensure a fully integrated service.

There is no other company in the UK that can efficiently deliver fully integrated labelling & safety solutions like ASG Services.
